

LOW NOISE PACKING TAPE

Technical Data

Product Description

Low Noise Adhesive Packing Tape are made with BOPP film and coated with emulsion based acrylic adhesive. They are characterized by high resistant and tensile strength, light weight and economical, which have been widely adopted in automated carton packing machinery throughout the industries.

● Low Noise Adhesive Packing Tape has excellent low noise performance, it is of high quality sealing with lower noise levels. It is quiet, strong, tough, great for smooth surfaces.

- Material: BOPP
- Adhesive: Acrylic
- Core: Diameter 3"(76mm)

Product Construction

Backing:	BOPP
Adhesive:	Water based acrylic adhesive
Color:	White, black, brown, red, yellow, green, super clear, etc.
Temperature- Resistance:	Normal Temperature

Typical Physical Properties

Elongation:	Less than 170%
Initial Grab#(ball):	12--18
Holding Force(H):	10--24
Peeling Strength With 180#730:	4.5-7N/2.5CM
Adhesive to Self:	Less than 90 gms/cm
Tensile Strength:	25N/CM
180 Peel Adhesion:	2N/CM
Advantage	Environmental protection, ageing resistance, waterproof

Features

- High initial bonding strength & peel strength
- Using best quality water-based acrylic adhesive refined
- Discoloration, waterproof, good cold resistance, environmental protection
- Conform to EU national standards of packing materials

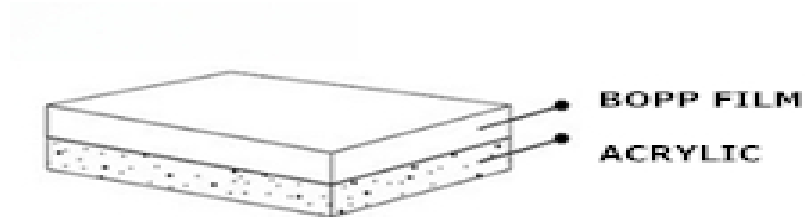

Application Ideas

- Used in very quiet environment and very popular in Europe and American market
- Used for sealing carton with automatic sealing machine or by hand
- Gift wrapping, bundling and strapping, decoration, protection
- Shipping, packaging, bundling, wrapping.

- Ideal for sealing cartons, merchandise, pallets
- Excellent performance for both hand and machine application.

Storage	Store in a clean dry place. Temperature of 25°C +/-2°C and 55% +/-5% relative humidity is recommended.	
Shelf Life	To obtain best performance, use this product within 24 months from date of manufacture.	
Specifications	Total Thickness:	36mic-65mic
	Length:	35m--1500 yards
	Width:	12mm--288mm
